

Prayer Letter - Nicaragua October 2008

We are looking forward to our Mission trip to Nicaragua from October 19th to 26th 2008...

Elsie and I have been going to Nicaragua every year since 2005 and we have been building relationship and pouring into Arturo Sanchez and his network of pastors and leaders. Arturo has done an outstanding job of planting 15 churches, building 2 orphanages, a primary school and a farm all in the 15 years that he has been there as a pioneering missionary.

Arturo has also been very impacted by the outpouring here in Toronto and he has been asking us for an International Leaders School of Ministry for his leadership team. We are more than delighted to oblige since we know the radical transformation that will take place in many of his pastors and leaders, and by extension that nation. The Peniel Mission and Catch the Fire Ministries are joining together to put on this school from October 20th to 24th. There will be a team of four of us going down to minister at this school: Laura Ramirez Kolbasenko (Columbian Canadian), Keith Gilbert from Indianapolis and Elsie and me.

In addition to the ILSOM we will be doing an outreach, as we have done in the past, at the end of the school and trusting that many will be saved, healed and delivered! This outreach will be in the Managua dump... we are looking forward to this experience.

As always, we will be visiting at least one of the orphanages to present gifts and have fun with the kids! I am looking forward to seeing my little friend, Joelito!

WE ARE ASKING THAT YOU PUT ON YOUR INTERCESSORY HAT

Like never before we are conscious that we are involved in a spiritual battle especially when we step onto the mission-field. So we are fully aware of the fact that we need the intercession of the saints as we go out. We thank you sincerely for your commitment to stand with us in this manner.

Please pray for the following specific things, plus anything else that the Lord would on your heart:

- ⇒ Presence of God and protection as we travel and that all our bags arrive with us & strength, wisdom, sleep ;-)
- ⇒ Anointing to be upon each one of us to see many people saved, healed and delivered & for the Kingdom of God to be extended in the nation through our little visit
- ⇒ Unity and oneness of heart and mind among the team and with the local folks
- ⇒ Love of the Father to be manifested in everything that we do - in ministry and as we hang out with the people there

By the way, if in your praying the Spirit would give you something to share with us please do so; you can always email us.
